Office of the Vice Chancellor

Date: 16th/12/2025

His Excellency

The Ambassador of the Islamic Republic of Iran in Uganda
PLOT NO. 23 B, Ridgeway Drive, Kololo,
P.O. Box 24529
KAMPALA UGANDA

Your Excellency,

SUBJECT: REQUEST FOR ACADEMIC AND INSTITUTIONAL SUPPORT FOLLOWING YOUR VISIT TO AVANCE INTERNATIONAL UNIVERSITY

On behalf of the University Council, Management, staff, and students of Avance International University, I extend our sincere appreciation for your recent visit to our University. We were deeply honored by your presence and highly value the constructive engagements and cordial discussions held during the visit. Your Excellency's interest in higher education and institutional development is greatly encouraging to our academic community.

Following the fruitful deliberations during your visit, Avance International University respectfully requests the support of the Embassy of the Islamic Republic of Iran in strengthening collaboration between our institutions in areas of mutual interest and benefit. In particular, we kindly seek your assistance in the following areas:

1. To establish bilateral academic staff and student exchange programs between Avance International University and selected universities in the Islamic Republic of Iran. Such exchanges will enhance cross-cultural understanding, promote academic excellence, and strengthen collaborative research and teaching.
2. The University would greatly appreciate support in securing scholarships for our academic staff to undertake PhD studies in Iranian universities. This initiative will significantly

contribute to capacity building, staff development, and the long-term academic sustainability of Avance International University.

3. In our effort to enhance the quality of training and research in health and medical sciences, we respectfully request assistance in the supply of modern medical laboratory equipment. This support will strengthen practical learning, research output, and community health services offered by the University.
4. In recognition of the spiritual needs of our Muslim students and staff, we kindly request support toward the establishment of a mosque within the University premises. This will promote spiritual well-being, inclusivity, and harmony within our diverse academic community.

Your Excellency, we firmly believe that support in these areas will not only strengthen Avance International University but will also foster enduring educational, cultural, and diplomatic ties between the Islamic Republic of Iran and the Republic of Uganda.

We remain open to further discussions and guidance on the modalities for implementing these initiatives and would be honored to work closely with your esteemed office and relevant Iranian institutions.

Please accept, Your Excellency, the assurances of my highest consideration.

Yours sincerely,

Dr. Kato Kimata Joshua (PhD)

VICE CHANCELLOR
